(Flugzeugschlepper)

Fire Brigade

- According to international regulation necessary fire fighting categories are demanded:

There are 10 categories – the higher it is , the bigger planes are allowed to land, e.g.

category 10 –

means A380 and Antonov 225

category 9 – means B747 or A340.

In GRAZ - category 9!

Example

- **Tsunami Thailand December 2004**

Doctors without borders – sent First Aid containers via an Antonov 124 directly to Thailand

Any questions?

Many thanks for your attention!
